FERRIS NOMINATED BY 30,000

OUR GENIAL IRISH CONGRESSMAN

HON. TOM D. McKEOWN

Overwhelmingly nominated by the Democracy of the Fourth District yesterday to succeed himself in the Congress of the United States. Tom McKeown has a spotless record and the citizenship of Ada and Pontotoc County are proud of him.

Thomas P. Gore Buried Beneath An Avalanche of Patriotic Ballots—The Young Congressman from Lawton Will Join Owen in Looking after Oklahoma's Destiny in the United States Senate.

(BULLETIN)

OKLAHOMA CITY, 2:15 p. m., Aug. 4. — (Special) — Latest returns give Ferris 86,463 and Gore 54,900.

OKLAHOMA CITY, Aug. 4.—Tabulation of unofficial and incomplete returns from 1,445 precincts of the state in yesterday's primary, as announced by the Daily Oklahoman-Times election bureau at two o'clock, gave Scott Ferris 72,480 and Senator T. P. Gore, 47,784 in the Democrat contest for the senatorial nomination. Ferris increased his lead to 24,696.

Returns from the republican contest for the senatorial nomination were very meagre and widely scattered as received here today. On the face of available returns, both unofficial and incomplete, it appeared that representative J. W. Harrel, of Oklahoma City, was leading the field, with James B. Cullison pushing for first place. In the Democrat contest for the nomination in the fifth district, E. B. Swank continued to lead, in spite of the lead given Roy E. Stafford in Oklahoma City and County.

It appeared that Elmer Thomas still had a chance to win the democrat nomination in the sixth district, although Cham Jones was leading by approximately 250 at noon.

In the special election in the eighth district, to fill out the unexpired term of the late representative Dick T. Morgan, in which centers on the republican election of Charles Swindal, appeared to be in the lead.

In the regular Democrat primary in the eighth district Zach Harris was leading C. H. Hyde on available returns from several of the counties.

In the Democrat race for the Corporation Commissioner nomination, R. E. Echols was leading, with O. R. Thraves, second and Warren T. Gill third on the face of the available returns.

OKLAHOMA CITY, Aug. 4.—Revised and additional, but unofficial figures from 1249 of the 2700 precincts in yesterday's state primary, compiled by the Daily Oklahoman, at one o'clock today, gives Scott Ferris, 64,908 and Senator Thomas P. Gore, 41,691, in the Democrat contest for senatorial nomination. The tabulation gives Ferris a lead of 23,217.

A CLEAN RECORD—A CLEAN VICTORY

HON. SCOTT FERRIS

Overwhelmingly nominated by the Democracy of Oklahoma yesterday for the office of United States Senator to succeed Thomas Pryor Gore Mr. Ferris will be the youngest man in the Senate of the United States when he takes his seat next year.

WARSAW TO BE EVACUATED SOON

So Say French and British Military Experts Today.

By the Associated Press

PARIS, Aug. 4.—Warsaw will have to be evacuated within two or three days, in the opinion of the French and British military experts here, and the government is expected to be moved within that period, probably to Cracow.

The report of the members of the military mission telegram last night declares that the Polish army along the River Bug had retreated so perceptibly that it did not even destroy the bridges behind it. This river was Warsaw's last line of defense and military experts said they had virtually abandoned hope of the Poles making a stand.

The Polish armistice delegates returned to Warsaw Tuesday. It and the Polish government have little hope of the speedy arrangement of an armistice. Members of the allied commission are convinced that the soviet government does not intend to negotiate an armistice they re-

ported, and declared their belief that the Russians had set the next meeting of the negotiators today at Minsk, knowing that it would be impossible for the Poles to arrive at that time.

THRIVES LEADS ECHOLS IN RETURNS FROM TULSA

By the Associated Press

TULSA, August 4.—Twenty-eight precincts out of 31, complete, gives Thrives for corporation commissioner 1,238, and Echols 479. The same precincts gave N. R. Graham, democrat candidate for representative for this county, 1,589 and Guthrey 855.

ONE MAIL AIRPLANE HAS REACHED CHEYENNE

By the Associated Press

CHEYENNE, Aug. 4.—One of the two airplanes engaged in the aerial mail route trip from New York to San Francisco arrived last night and started for Salt Lake City this morning. The other plane will start tomorrow.

COX RUNS MR. HARDING OFF HIS OLD FRONT PORCH

MARION, Ohio, August 4.—While Senator Harding's "front porch campaign" goes forward, his manager and advisors are counseling over several proposals for speaking trips away from Marion.

One plan suggested would include speeches in a half dozen of the larger eastern and middle west cities and another would carry him to the Pacific and Atlantic coasts, and as far south as Tennessee. It was said at his headquarters, today however that nothing definite had been decided upon.

FERRIS SWEEPS PONTOTOC COUNTY

Duncan, Crawford, Franklin and Erwin are Among the Winners.

Returns from yesterday's primary in Pontotoc county are still incomplete but sufficient returns have been received to show that Crawford has won for county judge, Duncan for sheriff, Franklin for court clerk, and Erwin for county clerk, and Brents, Stephens and Laughlin for commissioners. Pratt has a substantial majority for representative.

The race for senator developed into a landslide for Ferris in the city of Ada and he has carried the county by 814 votes. Ferris has 2,363 votes, while Gore has 1,586. Ada gave Ferris a lead of 776, he receiving 1,039 votes against 263 for his opponent.

With five precincts out Crawford has 2,020 votes, while Holt has 1,530. Duncan has swept the county for sheriff. With two boxes to hear from he has 2,282 votes, while Rawls and Selfridge have 1,262 and 409 respectively. The women cast a heavy vote for Duncan in many precincts.

The only real close contest was in the race for county clerk, where R. T. Erwin, Joseph Anderson, Miss Jessie Rogers and John Flowers were contestants. With the vote from Lightning Ridge and Halls Hill missing, Erwin has a lead of 66 over Anderson, his closest competitor. Franklin ran away with the race for court clerk, receiving 2,151 to 1,054 for Jess M. Bell, five precincts not having reported.

The hottest race in the county was for commissioner from the Roff-Stonewall district where Brents has a substantial majority over Pace. In the first district Stephens has 814, Edwards 545 and Harris 103. The returns from the second district are incomplete, but Laughlin has a safe lead over Gaar and is nominated.

In the city of Ada Brown and Fisher won for justice of the peace, while Guest and Adair were nominated for constable. The following is the vote: Jones 101, Fisher 564, Brown 930. For constable: Goyno 463, Chapman 210, Guest 631, Adair 561, McBroom 421.

Ten complete returns in tabulated form will be given in the Evening News tomorrow.

Cuts Speed, Saves Coal.

New York.—The Cunarder Mauritania, fastest liner afloat, has cut her speed from 27 to 22 knots to save coal.

Coleman House, always active in Texas politics, was never a candidate for office.

OKLAHOMA CITY, August 4.—Unofficial and incomplete returns early today from yesterday's primary, compiled by the Daily Oklahoman, continued to show Scott Ferris, representative from the Sixth District and candidate for the democratic nomination for United States Senator, leading his opponent, Thomas P. Gore, by a plurality exceeding 20,000. The tabulation vote from 1138 out of 2700 precincts in the state issued at two o'clock this morning gave Ferris 61,597 and Gore 38,572.

Returns from the republican contest for the senatorial nomination were drifting in slowly. Representative J. W. Harrel of Oklahoma City on the face of early compilations appeared to be leading a field of fourteen candidates. Returns from the Congressional contests were too meager to indicate a substantial lead for any candidate.

A statement issued by Ferris early today declared that he had won the nomination. While supporters in the face of incomplete returns predicted their candidate would swell his lead as precincts were heard from.

Gore headquarters are laying their strength in the belated country vote, in which it is claimed Gore will wipe out the Ferris majority and carry the state by ten thousand.

Ferris made Senator Gore's war record his main issue, while he was standing on a Wilson platform himself.

Thousand Majority in Okmulgee OKMULGEE, August 4.—With only three precincts missing, Ferris' vote in Okmulgee county is 1,985, Gore's is 994.

The three missing precincts are in the country and Ferris is reported to have carried them all. Gore carried four precincts in the county. One of these was in the coal mining district which had been reported as strongly pro-Gore. All the other precincts in that district went for Ferris.

M. L. Bozarth has a long lead in the race for supreme court justice. His vote in Okmulgee county, with seven precincts missing is 1,669. Christopher polled 742 votes and Maxey 258. Reports from McIntosh county show that Bozarth has four to one lead there. Thirty precincts give Thrives for corporation commissioner 578, Echols 459 and McCallum 214.

OKLAHOMA County Strong for Ferris OKLAHOMA CITY, August 4.—Forty-seven precincts out of 89 in Oklahoma county, including Oklahoma City gave: Ferris 7,110; Gore 2,160.

Pawhuska Strong for Ferris TULSA, August 4.—Official returns from wards two, three and four and precinct two of ward one out of five wards at Pawhuska give Ferris 212, Gore 90. Unofficial returns from seven outlying precincts give Ferris 112, Gore 37. It is estimated the town will go four to one for Ferris.

Wetly Strong at Home BARTLESVILLE, August 4.—Nine precincts out of 34 in Wash-

ALLEN OIL FIELD BRINGS IN WELLS

New Wells Being Brought In—Others Are Being Spudded In.

The oil field at Allen is still in active condition. It is one of the proven fields in the state. Drilling operations have been going on continually this summer. Both oil and gas is being found in paying. According to authoritative report the Allen field is moving somewhat toward the northwest. The latest report the News has been favored with gives the following:

Title Oil Company.

Shooting well No. 19 on Case farm.

Drilled in well No. 3 yesterday on Harris farm. It is good for 25 barrels.

Drilled in well No. 4 on Gray farm yesterday.

Spudded in yesterday well No. 3 on John Gilmore's place.

Tools are to be moved to well No. 20 on Case farm today.

The Harris well No. 3 is down 756 feet to top of sand. It is worthy of special mention from the fact that it was drilled in in 118 drilling hours. The work was done by the Lee Drilling Company. The well was spudded in last Wednesday night and was drilled in Monday night.

Two 16 foot band wheel powers are being installed by the Title Oil Co.

Lawrence Gas Company.

The well of this company on the Coleman farm was running 8 inches on top of the sand yesterday.

Priorie Oil & Gas Co.

This company has the derrick up for well No. 2 in section 28.

ington county give Ferris 303, Gore 219; Wetly, republican candidate for senator, getting more votes than all others combined.

Scattering Returns OKLAHOMA CITY, August 4.—Twenty-two precincts in Caddo county give Ferris 1,149, Gore 500.

For Congress Thomas 542, Jones 310. Eight precincts in Grady county give Thomas 463, Jones 352; five precincts in Pontotoc county give Ferris 598, Gore 223.

Gore Leads in Adair. MUSKOGEE, August 4.—Seven precincts in Adair county give Ferris 437, Gore 551.

Ferris Leads in Pottawatomie SHAWNEE, August 4.—With thirty-four precincts out of sixty-three in this county. Scott Ferris has 1,891 votes and Gore 1,674.

Diego de Amalgro, one of the founders of Panama, was a Spanish founding.

GRAND JURY INVESTIGATING STRIKES TO REPORT TODAY

By the Associated Press

CHICAGO, August 4.—The Federal Grand Jury, investigating the recent railroad strikes, will report at 2:30 this afternoon. It was announced at the Federal Building today. It was reported that the jury had returned indictments against 41 leaders in the strike. John Gruno and Harold Redding, presidents of Chicago Yardmen's Association and United Engine-men's Association, respectfully and 39 of their associates, were arrested at the time of the strike, last April.

Revenge.

The druggist danced and chortled till the bottles danced on the shelves. "What's up?" asked the soda clerk. "Have you been taking something?" "No. But do you remember when our water pipes were frozen last Christmas?" "Yes, but what—" "Well, the plumber who fixed them has just come to have a prescription filled."

ECHOLS LEADING BY BIG MAJORITY FOR COMMISSIONER

OKLAHOMA CITY, Aug. 4. R. E. Echols, seeking renomination for corporation commissioner, is far in the lead, according to early reports.

O. R. Thraves appears to be his closest opponent, although none of Echols' opponents show notable individual strength in the early reports. The vote cast for candidates for corporation commissioner appears to be considerably lighter than that for the gubernatorial candidates.

HARDING AGAINST CLASS APPEALS

In Front Porch Speech Ohio Senator Decries Class Prejudice.

By the Associated Press

MARION, Ohio, Aug. 4.—Decrying appeal to classes a menace second only to the surrender of nationality to internationality, Senator Harding in his "front porch" presidential campaign speech today declared that if he could choose but one, he would "rather have industrial and social peace at home than command the international peace of all the world." He asserted "that it would be unwise for this country to permit our activities in seeking for peace in the old world to blind us to the essentials of peace at home," and added that if America can be made to forget the attempted barter of nationality, "well and good," but that "when nationality is surrendered to internationality

THE DAILY SQUIB

"Most any of us now can say, 'I told you so,' about the election."

The "Camouflage Page" Today

On another page in today's issue of The News will be found the "Camouflage Page" feature. This department is unique in that it seems to introduce to you many people and concerns whom you already know. You probably have known most of them for a considerable time.

In this issue the names of the various institutions are withheld. In each paragraph will be given definite information for your guidance in removing the Camouflage. Careful reading and inquiry when in doubt, will help win this knowledge contest.

In referring to this feature it might be well to say that the business men of any community are the ones who give both their time and money in "putting across" the things that go to make a better town and community. So many times this debt of gratitude is withheld. The home merchant is entitled to every consideration at all times.

Full instructions regarding the rules of the competition accompany the feature. Do the best you can.

1 We are leading you close beside the "land of harmony" in this number. It is a music store. They have been carrying the carols of contentment and cultivation into the homes of this city and of the adjoining territory for some time now. They handle the standard lines of pianos and players, as well as other instruments and general musical merchandise and sheet music. A big feature in the business of this store is the New Edison instrument of recreated music. Don't wait till you reach the "land of plenty soon" to get one—use them while you pay for them. "Do it now" is their motto, while the family is all at home and needs the refining influence of music. What is the name?

2 What is the name of the undertaking firm in Ada which has charge of one of the pioneer establishments of the city? During the history of this establishment the business has been handled with the greatest care and consideration for the interests of their patrons. This institution has every convenience at its disposal to serve the public in the best possible manner. Licensed lady embalmer, full motor equipment, private ambulance. Answers calls day or night. A complete picture framing department. East Main—now occupying new quarters with improved facilities. What is the name?

3 When you are wondering who will most likely have it when it pertains to groceries, meats or produce, what store comes to mind so readily? It was put in operation some years ago by a firm which knows quality merchandise. Maintains better service at the same price. One order gets both the groceries and meats at this store, thereby saving the nervous exhaustion required in getting both the grocer and butcher. They have a big stock of staple and fancy groceries of all kinds, table delicacies that will sure appeal to good taste. The largest retail grocery and market in the city. What is the name?

4 This number introduces to your attention a dry goods store that does credit to the town. Although established only a short time it has built up a large trade. It is under the direction of a merchant of wide experience who has a thorough knowledge of values. The stock selections have been made extensively and critically from many sources with the object in mind of giving their patrons the very best values for their money. You will find the selections most complete in all lines. The name suggests something very round. What is the name?

5 We are speaking now of an up-to-date drug store. A drug store resembles a bank in that you will never find a good one in a poor town. Ada people demand the best of everything, and of drugs and allied specialties are concerned this store meets every requirement. It is a store that was established about 14 years ago placing it among the older business concerns of the city. Recently this business has come under the management of two progressive young men, well acquainted with the drug line. It caters to every want in the drug line with considerable emphasis on the prescription department. Known as the Nyal Quality Store. What is the name?

6 What is the name of the works that knows how in the cleaning line? They clean everything in the way of garments for both ladies and men, use the most modern processes and guarantee satisfaction. The young man at the helm is well and favorably known, having been for six years with a leading mercantile store of this city prior to going into business for himself. He is the Ada representative of the Edward E. Strauss Co., makers of Edesco, the finest made-to-measure clothing. He has a nice showing of fall patterns. Now located in new quarters on South Broadway. Strong on cleaning and pressing, with a special accent on ladies' work. "We strive to please." What is the name?

7 What is the name of the big garage in Ada where they have plenty of room for storage for your cars and where you can feel they are safe and under good care? This firm makes a specialty of the repair and service business. They have a corps of able mechanics who understand the work of repairing and rebuilding of automobiles. It matters not what the make of car or what ails it, they can fix it. Complete line of auto supplies, tires and greasing. They also do inner tube repairing. What is the name?

8 In this number we introduce a fashionable millinery store that takes the lead. The new fall styles on display are the product of the world's great fashion centers. The coming fall season promises to surpass even the past business of this firm during the big and they will be prepared to fully meet the demand. There are hats to please the most fastidious. The originality of styles and the appropriateness and adaptability to the person are the features that predominate in this shop. The artists at the head of this millinery store are noted for their success in this regard. A very choice line of ladies' ready-to-wear will also be found at this shop on East Main. It is a big business that was started only a little more than a year ago. It has grown rapidly in popularity. What is the name?

9 "The world do move"—and so does the transfer and storage company this number represents. That they understand their business is evidenced by the large

amount of work they are called upon to do. They make a specialty of moving anything and everything. Especially equipped for the careful moving of pianos and household goods. They not only do all the work but all of the worrying as well. If you employ this concern to do your hauling you may rest assured that it will be done right. The office is located on Twelfth street, near the postoffice. What is the name?

10 Here we give note to a popular eating establishment in Ada. It is a good place to get your breakfast and it is just as good for your dinner and supper. Their meals and short orders never fail to please the most fastidious. This is a well established cafe and very centrally located. It is well managed and the owner gives the business his personal attention. The service is prompt and satisfactory from every standpoint. Plenty of nice clean rooms in connection. The name suggests patriotism. What is the name?

11 Here we make note of a concern of particular merit. It is a shop which has been in business since 1917, where they specialize in the art of repairing everything in the way of rubber goods. They are fully equipped for the business and understand every phase of repair work. They do vulcanizing and do it in a manner that gives entire satisfaction to the customer. Special attention is given to the repairing of automobile tires and inner tubes. They operate a general service station, such as free air, water and service and have the agency for Mohawk, Oldfield and Miller Tires. On the corner. What is the name?

12 What is the name of the company in this city that will paint the town red—or any color you say? They will do the job up brown and will treat you white. The man at the head of this concern is not green at the business, on the contrary he is growing gray at the work. He has a store with a full line of paints, varnishes and supplies as well as a complete selection of wall paper. This store employs a bunch of expert painters and decorators. They have been spreading it around pretty thick. They do all kinds of interior and exterior decorating. Fine line of draperies and cretons, art materials and picture framing department. Second largest retail Paint and Wall Paper store in the state. This store has a location on Townsend avenue. What is the name?

13 Photography is becoming a fine art these days. Nobody wants to give away a poor picture and nobody wants to receive one. But everyone does appreciate a good photograph—one that gives pride both to the recipient and the one who gives. Here we mention a studio that makes the kind that gives satisfaction all the way around and reflects credit on the one who does the work. It takes an artist of ability to bring out all the little essential points in a photograph to the best advantage. This studio has the artist and the equipment to do the work right. The name is a direction—the direction for photography of distinction. What is the name?

14 The time is always ripe to brighten the home. Speaking of furniture, there is a store in this city that has been brightening homes in this city and community for sometime. They have been supplying the people with the very best in furniture, floor coverings and furnishings of all kinds. And it matters not to them how large or small the article may be. Here you will find those massive hub pedestal tables that last a life time. Likewise it is a store that has those labor saving kitchen cabinets. The name of a former president is included in the firm name. Established eight years ago. What is the name?

15 In all the state of Oklahoma there is not a more complete jewelry store than the one referred to in this number. It is a modern jewelry and optical establishment, complete in all details. It has a varied stock, up-to-date new fixtures with all the metropolitan features. The progress and destinies of this store have been guided by a master hand—one of the most prominent jewelers and optometrists of the state. The optical department contains the most modern grinding plant. Any lens duplicated in one hour. This store has been honored with the agency for the Pathe phonograph. The Pathe is the only machine playing all records and bringing out the true natural volume. Frisco watch inspector. What is the name?

16 Who are the chiropractors that are always glad to have you call and talk over your ailments with them in detail and allow them the opportunity to explain to you how chiropractic is nature's assistant? They will explain to you how health is a state of harmony in the body with no disorder, how it is a condition of which nerve stimulus has unbroken communication with all parts of the body. They will tell you how unnatural pressure interferes with communication and causes discord in harmony, which in turn causes disease. If you are feeling down and out they are the people to see. 1123 West Twelfth. What is the name?

17 "Send the culls to the other fellow—the best is none too good for our customers." This would be an apt slogan for the lumber company this number represents. No one should become possessed of the idea that "lumber is just lumber," for there is just

as much variation in the standards of lumber as there is in the standards of shoes and clothing. This firm buys the best, therefore sells the best in both lumber and materials. They have the credit too, of selling the same or better for less money. They will gladly help you with your building problems. Old business under new progressive management. What is the name?

18 As well be out of the world as out of fashion. Here we mention an up-to-date millinery parlor that has been the source of much satisfaction to the ladies of this city and community for some time, now, which argues that this shop always has the proper things in its line. It is a lively emporium and you will always find the latest styles. Those who buy here will be sure to be right in the prevailing style. This is the shop that always has the latest things. New fall goods now arriving. In the post office block. What is the name?

19 There is hardly a question but what people take a different stand, and there are all kinds of questions and all kinds of stands. But when it comes to the question of where to buy your reading matter there is just one stand and that is the News stand this number represents. It is located on West Main. Here you can have your wants supplied fully with books, magazines and daily papers. It is the largest of the kind in the four counties round about. They are just as keen when it comes to fruits, confections and cold drinks. What is the name?

20 What is the name of the meat market in this city that sets the pace? Their meats are fed right, butchered right, cut right and sold right. They are the people who are equipped with cold storage and all other modern conveniences. It is very centrally located. Two letters suggest the name. The man at the head of this concern has been in the live stock business for many years. They operate one of the cleanest and most sanitary markets to be found in all this section. Their counters and cases are always full of reliable things to tempt the appetite and make life worth living. What is the name?

21 Cultivate your children's taste for music while they are young. They will thank you for it many times in after years. A piano is a necessity in every home—in fact home is not what it should be without music—at least not what it could be by a great deal. What is the name of the man in Ada who can supply your needs in the way of a piano promptly and satisfactorily? He has the agency for the famous Baldwin piano and players, as well as other standard lines of pianos and phonographs of the latest model. He can supply all your wants in musical merchandise and sheet music. Pioneer music store. Oldest music house in Pontotoc County. Phone 13. What is the name?

22 What is the name of the store of distinctive dress in this city for both ladies and men? It is the store that sells Curlee clothes. You may travel the world over and you will not find better clothes in either texture or style. It is where special pride is taken in the ladies' ready-to-wear department. It can truly be called Ada's "one of a kind" store, an advantage in buying that you will appreciate. Here will be found the Fashion Plate and J. & K. Shoe and Pollyanna Underwear. Quality rules in all departments and there is a maximum of value and style ideas at a minimum of expense. What is the name?

23 When you get ready to adopt gasoline as your motive power in getting around over the country here is an automobile agency that wants to see you. They are agents for two of the best lines of cars in the market, the Overland and Willys-Knight. We will not try to describe them to you in this paragraph. They must be seen to be appreciated. When you own a Willys-Knight you will have something that will be a joy—something the family will always be proud of. The Overland is surpassed by none as a utility car. On July 26 this car completed a transcontinental trip from New York to San Francisco, a distance of 4,402 miles on 1261 gallons of gasoline, averaging 27.2 miles per gallon. The car arrived in splendid

condition in spite of great road difficulties. Salesroom in connection with a very prominent garage. What is the name?

24 Where is the best place in town to get that sweet tooth cured? But the cure is not guaranteed to be permanent, there is sure to be a relapse. They handle a high grade of candies in this shop and there is something in each piece to cause a relapse. But you can't blame the poor candy maker—he has to live. The ice cream and fountain service is complete. The many varieties of delicious sweets they have are surprising. It is sure "the land of childhood dreams." You are at liberty to eat and drink all you wish. Get busy. The name includes the name of a plant. What is the name?

25 Here we introduce a business institution that few towns have one that is better, of such magnitude or doing the big volume of business. A very important and busy concern, this is a planning bill and a good one. Finely equipped and prepared to handle anything in their line. No matter what you want if it can be made out of lumber—take it to them, with specifications and they will do the rest. Cabinet work, store fixtures, built-in furniture, sash, doors, screens, wagon boxes, truck bodies. The name advertises the town as well as the business. What is the name?

26 Who are the folks in this city who do all kinds of vulcanizing and tire and inner tube repairing? They make them practically as good as new so far as the break is concerned. They are experts and can iron out your tire troubles in short order. When in distress give them a call—they give good service at moderate prices. They repair anything from the smallest puncture to the largest blowout. It's where you get the Gates half sole, which adds 6,000 miles to your old tire. They operate a regular tire service station and sell the Brunswick tires, there's a tire for every car. Night and day service car. What is the name?

27 Backed up by a splendid array of business institutions, surrounded by some of the richest agricultural and grazing lands, it is only natural to find Ada a substantial and rapidly developing city. Contributing largely to the prosperity of this section is the raising of live stock. To make this department of husbandry successful laws are passed in an effort to prevent diseases among them. Men study at college that they may prevent as well as cure diseases among them. The subject of this sketch is a veterinarian—one who has been successful and acknowledged to be one of the best in the state. He probably knows more people in Pontotoc county than anyone else, particularly among the farmers and stockmen. Office West 12th street. What is the name?

28 There are plenty of places to buy flour, meal, feed, etc., but here is the place where it originates. It is a place that has become very popular among the people of this community who have gotten acquainted with the high quality of the products and the reasonableness of the prices at which they are sold. It is a custom mill that makes corn meal of best quality and sells all kinds of feedstuffs. They buy the raw product direct from the farmers of Pontotoc county, and sell it as cheaply as anywhere in the country. Mill and office on north Constant. What is the name?

29 Where is the house of a thousand bargains in this city? It is the one place where you can bunch all those little notions, along with other goods and buy them at a price that will save more money in your purse and save you more steps than if you had gone the rounds. The stock is so varied at this big store that one likes to go occasionally just to look whether they want to buy or not. They have wearing apparel, millinery, household articles, novelties, notions and toys of every description. Here you will find twenty departments, all under one roof. On West Main—bigger and better than ever. Store number twelve. What is the name?

30 Here is a machine shop that would do credit to a town much larger than Ada. This concern is prepared to do almost any piece of work brought to them on

automobiles, tractors or machinery of all kinds. Very prompt attention given to threshing machine work. Specialty of out of town service, in case of engine troubles. They go anywhere. They make a specialty of this class of work. They weld all parts of cars and cylinder blocks, no matter how badly broken and prepared to run all bearings, and make axles and gears. All work is done in this shop, which avoids much delay and inconvenience. Gas engine work as well. The welding is done by the acetylene method. This shop is on Constant avenue and on the corner. What is the name?

31 "If you have beauty—come. I'll take it; if you have none—come, I'll make it." This is the incentive a certain leading and well established studio offers. It is the place where people who appreciate fine work sit for their photographs. This studio has been progressing under the same management for many years. It is equipped with modern appliances, the most modern lenses and equipment. And there is a real artist in charge of the work—one who has had experience in critical and cultivated channels. The pioneer photographer. What is the name?

32 The final tribute is the one which demands the greatest care—a duty to be consummated with a full sympathetic realization of many details and a careful appreciation of appropriateness. In this connection we call your attention here to a well known undertaker and funeral director. Every case entrusted to his care is handled by experienced licensed embalmers only. Safety, as well as conscientious service and fair dealing is assured whenever a funeral is directed by this institution. Full motor equipment. Department for artistic picture framing. New location on 12th street. What is the name?

33 Here is an institution that enters largely into the smooth workings of almost every business house and a multitude of homes in this city. It is a concern of considerable size and importance. It is under the direction of liberal and progressive business people. They sell neither clothes nor shoes, nor anything to eat, but make life's walk easy by furnishing light to see and power to do. Also supply all kinds of labor-saving devices used for the following purposes: Washing, ironing, cooking, sweeping, sewing, churning, ventilating, cooling, refrigerating, grinding, pumping, cream separating. What is the name?

34 When the motor bee is buzzing about your ears, where is the best place in the city to go to get relief? This number alludes to a live sales agency for automobiles. They handle the Chalmers, Velle, Maxwell and Lexington. If they can not suit you out of all this mechanical menu there is certainly no hope. They have been selling automobiles for some time and the best commendation they can offer is to point to their numerous satisfied customers. They will be very glad to show you the good points of these cars and demonstrate them for you to your satisfaction. What is the name?

35 We will ask you in this paragraph to name the drug store in this city where you are always sure of getting prompt and accurate service behind the prescription case as well as throughout the entire store? It is a drug store that has been in active operation for something like four months. It carries a general line of the standard, advertised lines of proprietary and patent remedies as well as sundries, stationery, etc. The ice cream and soda fountain service is first class and very liberally patronized. Home of fine confections and choice cigars. Down near a leading "embarrado" of the city. 221 West Main. What is the name?

36 Nothing is more entertaining or instructive than the present day moving picture entertainment as presented by an up-to-date reputable house. In this respect Ada has reason to feel proud of her new modern theatre. This amusement place is a credit to the city and no town of this size elsewhere has a finer show house or offers better entertainment or service. Every convenience is offered its patrons. The owner of this popular new playhouse is constantly on the lookout for the best obtainable in road shows as well as feature pictures. What is the name?

37 Are you thinking of building a home? You should be if you do not already own one. Here is a lumber yard that encourages home building and by the way, home building is town building. The man who wants to build and calls at this yard receives every courtesy and assistance possible. The name of this yard has stood for the best in lumber and building supplies for many years. Whether your bill be large or small this firm is always glad to figure with you. Located on Broadway, just a whisper from the leading newspaper office. What is the name?

38 Here we make mention of a cash grocery store that has made many friends by its policy of good service, fair dealing and courteous treatment of its patrons. It has built up its business by offering the best, therefore you will always get the best when you spend your money here. Besides the well selected stock of staple and fancy groceries you will find a complete line of fine fruits and vegetables. It pays to pay cash and pay less. It is the store that sells those Ball Mason half gallon fruit jars for only \$1.25 per dozen and Golden Plume Coffee—think of it, three pounds for \$1.50. The name of the owner begins with the eighth letter of the alphabet. Just east of Rennie avenue. What is the name?

39 What is the name of the special brand of flour that loyal home people like to buy? The kind that bakes those two-story biscuits! This flour is so well known that we dare not say much about it for fear we reveal the identity without causing you to think it over. The highest perfection is reached in its manufacture. It is perfectly uniform—every pound is just as good as every other pound. It is manufactured in a large modern mill. More and more it is becoming the universal habit of home people to demand it from their grocer. The name of the company that makes this perfect flour begins with the alphabet. What is the name?

40 "We truly believe he profits most who serves best" is a slogan fitted to a popular lumber concern of this city. It is well established and is very prominently identified with the upbuilding of this community. It is in the hands of progressive business men who understand the needs of their patrons. Their advice and counsel on matters connected with building are at your disposal for the asking. The quality of their service corresponds with the high quality of their lumber and materials. They have materials for every purpose and the price is always right. The names constituting the company starts with the same letter. What is the name?

41 The practice of erecting monuments in honor and memory of friends departed is almost as old as time itself. What is the name of the concern which has for many years made it a business to meet every demand of the public in the monument line? They carry a nice selection of materials and designs and can fill any order without delay. If you will call and take a look at their work you will become convinced that you will not need to look further to secure just what you want in the way of monuments. It is a home institution, worthy of every consideration. West Twelfth. What is the name?

42 One of the nice places in Ada is the up-to-date cafe this number represents. It has a reputation well earned, of turning out satisfied customers. If you eat here it must be good—they buy the best the market has and that's the reason why the folks who dine with them all say "That's always satisfactory." Visit this cafe and you will get their idea of good eats, and good service combined with courtesy. It has just been overhauled, renovated and redecored. It is the place where they have those pies "like mother makes." What is the name?

43 Here we introduce a hardware and implement store that is recognized for its dependable line of hardware and implements which they handle. They have in mind the idea of giving their patrons the very best the market offers in their line. Besides the regular run of hardware you will find here gas engines, cream separators, refrigerators, the Detroit Jewel gas ranges and the great Majestic range, as well as harness, auto tires, sporting goods, etc. They also sell vehicles and the John Deere line of farm machinery. What is the name?

44 "Where was Moses when the light failed?" is a query that has come thundering down through the ages. But if Moses had only known of this electric dealer and contractor he would never have met with that momentous misfortune, for when he is on the job the light never fails as long as there is any juice on the circuits. He has a store full of fixtures and supplies of all kinds and makes a specialty of labor saving devices of all kinds. Fans, Irons, Toasters, Sewing Machines and all manner of labor saving devices. If father did the house work he would sure have one of those Thor Vacuum Sweepers and Washers. This dealer has the agency for the silent Alamo, the great light and power plant for the farm and home. What is the name?

45 When you have put a few hundred plunks into an automobile it is the part of good business judgment to look out for its care and keep. Here is a firm that offers good security from reckless repair work. They can sure fix your car so that it will not "act up" and humiliate you before your

friends. They sell Exide Batteries and do electrical work of all kinds when it pertains to autos. And then they have the agency for the Oldsmobile, a leading car since automobiles came in fashion. It is as fine a car as ever rolled down the pike. Likewise they have the trucks of the same make. Exclusive dealers for Hawkeye Tires and Tubes. Complete line of accessories. What is the name?

46 A comparatively recent accession to the commercial interests of Ada is a wholesale fruit and produce firm. It is conducted by three "live-wire" young men who realize the future possibilities of the section surrounding this city. They carry a high grade line of vegetables and fruits and are buyers of eggs and poultry. This concern is strictly wholesale. This concern is distributors for "Buck" and "Hek." These beverages, when taken inwardly sure touch the spot. It is easy enough to find the spot this warm weather. A case of these goods is a mighty pleasurable thing to keep around the premises. Office and warehouse in the north part of the city. What is the name?

47 After filling your moerschaum with your favorite brand, pull the rocker out on the veranda and give thought to this institution. It is a modern establishment engaged in the manufacture of an indispensable article and also a delicious, wholesome and nutritious and cooling one. It has a large capacity and because of the high quality of their products this business has grown very rapidly under the present management. They make a specialty of all kinds in their line and do a large shipping business in addition to the big home trade. A utility company with the big idea of satisfaction and service. What is the name?

48 Here is a concern that has come rapidly into favor among automobile owners. It is a filling station and a service station, where you really get service. They handle the best grade of gasoline, Havoline and Oldlad Lubricating Oils. In fact they handle about everything that is greasy. If your dealer don't have the right oils this station can supply you—and by the way why not make them your dealer? Besides being an up-to-date filling station they have a fine line of American and Fish Automobile Tires and Auto Accessories and wash cars. Very centrally and conveniently located one block north of Main Street. What is the name?

49 Here is a store where the configuration on the inside is a little different. It is a grocery store of the new era where clerk hire is reduced to the minimum and where delivery expense is absolutely eliminated. If you have not visited this store you can hardly appreciate the money saving possibilities. Everything here is of the very best and prices are all in plain figures. Help yourself. When your money bids adieu to this lively grocery it will say more than just "good-bye." What is the name?

50 Who is the prominent land man in Ada you go to see when you wish to buy or sell farm or city property? He deals in dirt and makes it fly. He has been at it so long he has become an expert. He knows values and adaptability of soils also writes insurance and makes loans. He is secretary of a very prominent building and loan association which aids people in laying by a portion of their earnings for future use, or they will help you to build and own your own home. He is a busy man but says he likes to help people who are trying to get ahead. He always has some attractive offerings in farm lands. What is the name?

51 Who are the people in this city who make it so interesting for the people who buy hardware? You will hardly find a better selected stock of hardware, tools and cutlery this side of Kansas City. They make a study of the business and handle the things that bring the best results for the money invested. They have the stoves, washing machines and utensils, and "mule jewelry" they have it in large variety. If you buy from this store it is always worth the price. The company includes a long and a short name. What is the name?

52 Chiropractic is the science of common sense applied to the human machine and the art of adjusting the machine when it is out of order. It is the science of health and the art of adjusting the cause of disease. Every effect must have a cause. Disease is an effect. If you wish the effect to cease, you should see the chiropractor and let him adjust the cause. By the aid of chiropractic the body is allowed to become normal, thereby allowing nature, the cure of all ills, to perfect its work. Name the firm of Chiropractors who have just located in Ada, with finely equipped offices on East Main. Phone 721.

53 We make mention here of a concern that has made good in the automobile business. They have commodious quarters and operate a complete service garage, including an up-to-date repair department. One of the very important features of the business is the selling of autos and trucks. They represent the car that was advertised a whole year before a single one was sold. The car bears the name of two brothers. Before you buy have them demonstrate for you. These people also handle the Republic trucks, a size for every purpose. What is the name?

(Continued on next page.)

CAMOUFLAGE PAGE

(Continued from page 2.)

54 We have before you in this number a business that is a bee hive of industry six days in the week, giving employment to a large number of people. Their trucks are constantly rolling around the streets hauling anything and everything. They do a general transfer business and can move anything that is loose—or can be pried loose. They have been at it so long they are acquainted with every phase of the work. The most careful workmen are employed so that when you entrust your work to them you will have no cause for worry. Large room for storage purposes. Service trucks for out of town hauling. Office on East Main street. What is the name?

55 What is the name of the store in Ada that is different from general run of stores? Different in the line of goods carried, different in the standard of stock and different in the appreciation of your trade. Here you will find all the heart of woman-kind could desire in the way of imported novelties for household use and decoration. They are constantly adding new goods in anticipation of a big fall and holiday demand. It is a classy store that appeals to all classes. It is a nice place to visit while on a shopping tour whether you wish to buy or not. Always something new. Second block on East Main. What is the name?

56 "As we live we grow" would be an appropriate slogan for this lumber concern. By its progressive policy and fair dealing extending over a period of many years, it has grown year by year. Because of its fair dealing and unquestioned integrity it has built itself into the very life of this community. It was established in 1903 and is owned by pioneer citizens of Ada. One piece or a car load—anything that is wanted in the way of lumber or building material can be gotten here. And always at the right price. Their plan books and their knowledge of building matters are free to the public. They also sell the Campbell Quality Paints to protect your buildings from the elements. What is the name?

57 Where do the ladies go when they want to buy or just look at the latest in fashionable millinery? We are referring to a very attractive millinery store with a very pleasing display of fashionable hats, trimmings, etc. Every new millinery idea is represented here and there is a distinctiveness in the articles displayed at this exclusive millinery store. This is the store of many features—really it is a service shop, where they supply seasonal materials for the making of your own hats. Buckram, wire, velvets and all the trimmings that go to make the up-to-the-minute hat. A smile of satisfaction always follows a visit to this store, whether you buy or not. This is an up-to-date new store located on North Broadway. New fall goods are arriving. What is the name?

58 Here is one of the bright spots in the city. It is a candy store, ice cream parlor and cafe that has grown rapidly in popularity since it came under the management of the present owner about one year ago. Their candies are always fresh and pure and the ice cream they serve the year around is most delicious. The cafe is an important feature of the business. The menu includes the season's best offerings at all times. With a little more than the ordinary emphasis on service, this place is a deservedly popular one. What is the name?

59 'Tis the soles of the people this man keeps in view, for he is the doctor of boots and shoes. He serves the living and not the dead, with the best of leather, wax, machine and thread. He can sew a sole and make it fast, do a good job and make it last. A good many patients come to his door worn out and run down besides feeling sore. Though he doesn't use poultice, plaster or pill he cures all sick shoes, no matter how ill. He does the kind of work that gives "class" to the job, making a specialty of made to measure boots and shoes. His shop is right in the

heart of the city and faces the north. To spell the name, use only three letters. All kinds of shoe findings and electric machinery for quick service. What is the name?

60 Here we make reference to a progressive drug store. It is a store where your business will always be appreciated and where you will find an up-to-date line of drugs and sundries. It is the store where you will be told that asafetida hung on the neck will not cure chills or flu—where you are advised to use more effective measures, and it is where they have those famous powders, perfumes and other toilet goods—and the busy soda fountain. In new quarters after Aug. 6, 114 East Main Street. Name begins with the largest letter. What is the name?

61 There is a good hotel in Ada where you can go and be assured of the very best treatment and accommodations. Each guest of this hotel receives every attention and courtesy. It is operated on the European plan with nice rooms, bath, public and private telephones—everything modern. The uniform business methods of equity and painstaking efforts that is characteristic of the new management making this hotel a very popular one. Conveniently located, next to city hall and near post office. What is the name of this hotel? Also the name of the proprietor?

62 Thousands and thousands of people are engaged in the different departments of the automobile industry. Here is a works that is at the top all the time. They specialize in auto top work and devote their entire time to this department. Included in this work is the various kinds of repair work, replacing celluloid windows, making side curtains, upholstering, etc. Because of their good work the people are keeping them busy. This concern has a location very near the postoffice. What is the name?

63 Here is a works that has grown rapidly in popular favor since it was established about two years ago. It is an up-to-date machine shop prepared to do any and all kinds of engine, auto, tractor and general machine repair work. The success of this concern can be attributed not only to the fact that it is one of the most completely equipped enterprises of the kind in southern Oklahoma, but also to the fact that it is under the management of one of the most widely experienced and thoroughly versed machinists in this section. Their work includes oxy-acetylene welding—the kind that sure sticks. East Ninth at Rennie. What is the name?

64 Here we mention a jewelry firm which has the distinction of being "the people who make your watch keep step with the correct time." Think of it, the balance wheel of your watch makes 157,680,000 vibrations in a year's time. What about neglecting to oil it? This is a store that has many things to commend it. They have jewelry and gift articles for

all occasions. In wrist watches for ladies they advise buying only American makes and they have them in large variety and assorted sizes. Their stock of diamonds is one of the largest in the west—colors that cannot be excelled. They will mount your diamonds in 14 karat Tiffany mounting for \$4.50 and up. This business is fostered by two brothers. Occupying the same building is a modern optical store. The man at the head of this business is a graduate optometrist and is well known to the people of this section. He is an eyesight specialist and devotes his entire time to optometry. In his laboratory will be found all the modern instruments known to the profession. Most people are particular about their eyes—and justly so; they're all the eyes they've got. The very best results can be gotten in fitting glasses in this establishment. All lenses ground accurately to each individual measurement. Give name of each of these progressive Ada concerns.

65 Here we make note of a hardware store of real magnitude. Their trade territory extends both far and near but their line of goods is so complete that they readily meet all demands. Here you find hardware of every description and for every use. These people seem to know the needs of the people for they are supplying the demand perfectly. They have shelf hardware, heavy hardware, gas engines, implements, tools cutlery, granite and tinware, stoves, etc. Is it any wonder that they have adopted the slogan: "Everything in Hardware"? What is the name?

66 If you want it made, of sheet metal or tin, here is the place to go. This relates to a sheet metal works of conspicuous prominence. It is one of the most up-to-date concerns of the kind in this section. It is provided with the latest improved machinery for the expeditious handling of work of this kind. It is presided over by a man of over 20 years' experience, which argues that he knows all the ins and outs of the business. Open doors

Sometime, after setting down a story like John Fleming Wilson's "Uncharted Reefs," you wonder how and where he got it. We quote his letter:

"If anyone could spend a week with me he would quit with the feeling that was an odd-knowledge junkman. I can inform you accurately as to the latest freight down the Sacramento River to San Francisco on 25,000 barrels of salted shad for China. I can give you an account of the queer love-affair of James Q. Smith, one-time Woo-sung pilot, afterward skipper of the ill-fated Cypromene, who traded an eighteen-pound oyster for which a half-caste Macao comprador wanted for his best girl. I know the name of the pawn-broker off Shaftesbury Avenue who bought Capt. Evan Evans' watch, sold it to a girl working extra at East Croyden, and how the girl's employer found the watch in an old glove and remembered that the passengers of the S. S. Kowloon, after a typhoon, recommended him to the Board of Trade.

"All this is my material for the stories I write. I used to think that

I went and found all these things out so that I could write; now I know that I am a slave of the things I know and can't help putting them down so that other people will understand why Tom Barrett went and did so and so.

"Not long ago I was in San Diego. I came into the hotel and a woman stepped up and called me 'captain'—which title I once bore. I didn't recognize her.

"Have you seen Arthur?" she asked.

"I know hundreds of Arthurs, but only one with whom her voice was associated.

"I thought he had gone to the dogs," I said unthinkingly.

"No," she said quietly. "To me." "It was as if a door had opened and I stood in a blaze of light. Arthur turned up presently and one glance was enough; the man whom we had all thought gone to the devil had done no such thing."

That is the real fun of life; to label So-and-So as a dead bird or a poor fish, and then come around the corner and discover that So-and-So fought his battle and won it. —McCall's Magazine.

The Last Trump.

A colored dough-boy who had hit Paris on AWOL and supplied himself generously with the vin sisters, mingled with stronger waters, woke suddenly in a still befuddled condition in the great urban cemetery of Pere la Chaise, whither his uncertain steps had taken him. To make it worse, there was an air raid going on.

The brother looked around him out of half closed eyes. On every side stretched long rows of white

monuments. Sirens shrilled from the city streets. Dazzling beams of white light stabbed the heavens. There could be but one conclusion. Hastily searching his pockets, he drew forth his remaining possessions—a bottle of vin blanc, a pack of greasy cards, a much-worn pair of ivories—and hurried them from him.

"Git away from me evidence," he muttered. "Now, come on, Mistuh Gabriel, I'se ready."—The American Legion Weekly.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3½ and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$2350

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$450 in waterproof bag

THE ADA EVENING NEWS

REMODELING SALE

And 18th Anniversary Celebration

July 3rd
to
July
10th

THE SECOND story of our building will soon be completed and then comes the "awful job" of moving and rearranging stock. We have decided, rather than move this vast amount of goods, to inaugurate one of the biggest selling events that has taken place in Ada during the past year or so. We are not worrying about a break in the markets or a slump in the prices of goods for Fall, as the following extract from a letter from a well known wholesale house clearly defines the situation that now exists.

"Speaking broadly, commodity prices will not be lower before the spring of 1921, even if then. Not a few goods will be higher this fall than they are now. For more than six months every wholesaler has been contracting for his fall supplies at advanced costs. In many cases these goods could not be replaced today, if at all, only at still higher prices.

"We are intimate and first hand touch with all markets and it is our best judgment that the general level of commodity prices will rise somewhat before it starts on the inevitable decline."

THE FREEDOM OF THE PEOPLE

The senatorial campaign is now a part of lurid history, and as a duty an American newspaper owes to American citizens we hasten to say that any congressman who votes to permit the executive power to draft congressmen is surrendering the first principle of free government.

If we had said this before the primary, our purpose would have been misunderstood. It may be misunderstood even now. But the student of our history, familiar with the fight made to establish free government, will understand that free government cannot long survive when the power to arrest or draft the representatives of the people is given to the executive or to the crown.

Speaking at Valley Forge two years ago Champ Clark said that the essential difference between a free people and a despotism is the right of the people to elect their representatives, that country is a free country no matter what historians or geographers call it. If a people lack that power it is a despotism, even though it be named a republic.

England's history for five hundred years was the story of a struggle to free the commons from the domination of the crown. Not until the commons had been freed from arrest and dispersion by the princes of the tower did England become in truth a free nation. When Cromwell dispersed parliament and became king and commons all in one he destroyed for a season the liberties of England. No matter if England is called a constitutional monarchy, so long as the people elect their own representatives and those representatives cannot be arrested or dispersed by the king, the English will remain a free people.

Recognizing the vital importance of this principal, the writers of the American constitution provided that no member of congress shall be subject to arrest except for treason or felony. Even our state constitution exempts a member of the legislature from arrest except for felony or breach of the peace.

Suppose the president and his secretary of war are permitted under the law to draft members of congress. They can by juggling draft boards remove from congress any opponent of the administration. They can convert an opposition majority into a helpless minority. They can hold the fear of military service over any member who opposes their policies. If congress had been under the provisions of the draft two years ago, it is not impossible that Jim Reed and LaFollette would have worn khaki in the trenches.

No real man would like to vote his neighbors into a draft from which he himself was exempted. But once elected to congress he ceased to be an individual and becomes a representative of a free people. His first duty is to maintain free government by preserving the independence of the representative from the power of the executive.

Th representative who votes to include representatives in a draft is voting to destroy representative government.

WALLACE REID'S PICTURE HAS FINE CAST OF PLAYERS

It is not often that a motion picture has in its cast two recognized stars. In "Hawthorne of the U. S. A.," the film attraction at the McSwain Theater next week, the role of the hero is played by Wallace Reid, while Lila Lee appears in the chief feminine part. As if this pair of favorites were not enough, the rest of the company has been selected exclusively from prominent screen players. Theodore Roberts plays the role of a United States senator and Harrison Ford, who has been leading man for Marguerite Clark and other feminine stars, is Wallace Reid's partner in adventure. Such sterling character actors as Tully Marshall, Edwin Stevens, Charles Ogle and Guy Oliver also appear. The picture was adapted from James B. Fagan's well known stage play of the same name, in which Douglas Fairbanks once starred in the legitimate. It concerns the experiences of a pair of improvident American law clerks touring Europe in a "jitney," when they break the bank at Monte Carlo and invade an obscure little revolution-torn kingdom.

Clean rags for bandages and wash cloths will be greatly appreciated by the Faust Hospital 7-13-17.

Rather Ticklish.

Answers: Most of us have heard of that confusing couple named Watt and Knott who live at Ware, and have asked, or been asked, "Where does Watt live?" "What, Knott?" "No, not Knott, Watt." "Ware." "That's what I said—where?" And so, on, infinitum. The well known Scotch barrister, Henry Erskine, supplies another example of the peculiarity of names in a story about one of his clients named Tickle. He was pleading on behalf of this client before a Scottish judge with whom he was on intimate terms and he commenced his speech as follows: "Tickle, my client, My Lord—" "Tickle her yourself, Henry," interrupted the judge.

The Gas Company Replies to P.L.J.

Editor Evening News: In yesterday's issue of your paper appeared an article signed P. L. J. We wish to sanction what he says and we regret that he was forced to wait in line so long before he reached the window to pay his gas bill.

We try to impress on the minds of all consumers the importance of bringing their cards with them to the gas office when paying their bills. Failure to do this necessitates our force making out additional bills all of which requires from two to three minutes for each person, and sometimes more time is consumed.

This not only takes up much time from the person with his card ready to pay his bill (as P. L. J. states it so clearly) but it requires lots of our time.

Our force spends about one week making out the consumers' cards and you will readily see how much time will be required if we should have to make out every bill again. Now, friends, patrons, you can render valuable assistance by always bringing your card with you to the gas office. This man is correct; your statement says "BRING THIS CARD, WITH PAYMENT." It may be necessary for us to do like some other companies — MAKE A CHARGE OF 10c WHEN YOU FAIL TO BRING YOUR CARD.

Your compliance with the above suggestion will greatly assist us and will be an accommodation to many others, who, like P. L. J., may have to wait in line. MacThwaite Oil & Gas Co.

CHAMP DEMPSEY'S FIRST OPPONENT

Billy Miske.

At last Champion Jack Dempsey's first opponent has been named. His is Billy Miske, the St. Paul heavyweight, and not Brennan, Fulton or Willis the three who had been prominently mentioned.

Miske has not fought in so long many fight fans had forgotten he was still in the game. Billy though is entitled to the first chance at the champion as he is the only American heavyweight of prominence who has fought Dempsey and escaped a knockout.

The St. Paul man fought Dempsey twice and lasted the limit on each occasion. He first met him in a ten-round no-decision contest at St. Paul. Some writers thought Miske outpointed the man who later won the heavyweight crown. They next fought at Philadelphia six rounds being the limit. It was a few weeks after Dempsey knocked out Battling Levinsky and Porky Flynn in the same ring. The spectators expected Miske to get the

same treatment from the gladiator who was knocking them all cold but much to their surprise, Miske lasted to the finish.

Miske was at the ringside when Dempsey won the championship from Willard. He is reported to have said:

"I have fought Dempsey twice and kept on my feet to the finish. How I did it I do not know. Perhaps it was because Dempsey wanted me to stay. Anyway I stuck it out."

If that's the way he looked at it a year ago, possibly his only reason for consenting to meet Dempsey is that there is a loser's end to the purse and Miske can use the money.

Unpopularity.

Reading is Better Than Rummaging

When you go to buy a pair of boots, a can of peas, or a kitchen cabinet, do you know what you want? Or do you just take "pot luck"?

You can save many a dollar and many an hour's time if you know beforehand what your money is going to get you—and where to go to get it.

Merchants with established reputations are the best with whom to deal.

Merchandise with established reputation is always the best to buy.

If it's clothing, you know how well it should wear and what the style should be.

If it's a musical instrument, you know what to expect in tone and workmanship.

If it's a carpet sweeper, you know what kind of service it should give.

David Crockett said, "Be sure you're right, then go ahead."

The way to be sure of the good you buy is to read advertisements regularly. Then you won't go wrong. Reading advertisements is far better than rummaging around aimlessly.

Business College Picnic.
The students of the business college will go on a picnic to Byrd's Mill Friday, August 6. All former students and friends of the college are invited to go. The crowd will meet early Friday morning at the college and go in trucks. A good time is promised.

This is to be known as the annual August picnic of the business college.

Personal Mention

H. Peeg of Allen was a business visitor in this city yesterday.

Dr. Augusta Halle of St. Louis is visiting her old classmate, Dr. Catherine Threlkeld.

Mrs. Eliza Juzan of Woodville, Okla., is here visiting her aunt, Mrs. Alice Mitchell.

Miss Lucille Jones of Roff spent the day in the city with her friend, Miss Neva Keaton.

Mrs. H. J. Cloer of Sherman, Texas, is here visiting with parents and friends.

A. H. Burris, member of the State Board of Education is here today on business.

Hardy Nettles of Sapulpa is here visiting his parents, Mr. and Mrs. W. H. Nettles.

Mrs. Harry T. Thorn is to arrive in the city this afternoon to visit J. C. Horton and family and Mrs. J. D. Lynam.

R. C. Taylor and family are leaving today for Medicine Park, Oklahoma, where they will spend the month of August in recreation.

Mrs. J. M. Vaden, Mrs. Elizabeth Lowry and son, and Hubbard, Mrs. Thelma Burns and daughter, Marguerite, left today to visit relatives in Union City, Miss.

Miss Ada Neel writes from Arizona that she is seeing some wonderful scenery on her trip which will end in California. She says that "it will almost equal a poet's dream."

Miss Mabel McKeel left today for her home in Roff. She has been a student of the Normal for some time and will teach the coming year in Henryetta. She will finish her work in East Central next summer.

Dr. A. Linscheid and family will arrive in this city tomorrow from Durant. They will make this city their future home, as Dr. Linscheid has accepted the presidency of East Central State Normal.

Jess Hale left today for a trip to New Mexico and Colorado. He will go to Hobart, Okla., by railroad and from there he will go overland. He expects to see the sights in that country for about a month and then return to the Double A Town.

Dr. Rolla G. Sears and family have left for a trip to points in Colorado. They will spend a few weeks in this state and then return to Enid, where Dr. Sears will be connected with the Phillips University. Dr. M. L. Perkins will be with him at Phillips.

Mrs. M. L. Perkins and sons, are visiting relatives in Springfield, Missouri. They will attend the wedding of Miss Ayile Robertson today. Miss Robertson was formerly a student of East Central State Normal of this city. Mrs. Perkins will spend the month in Springfield and return to Enid where the Perkins family will make their future home.

Those who left yesterday to attend the Baptist encampment near Davis were Mr. and Mrs. J. A. Riddling and son, J. A. Jr., Mr. and Mrs. J. L. Huber, Rev. and Mrs. C. C. Morris, Mr. and Mrs. W. T. Melton and son, Mrs. C. S. Anderson, church missionary for the First Baptist church, Miss Ivy Alred and Miss Opal Little.

Ada Accepts Challenge From Club At Hugo

Manager Jim Coleman of the Ada ball club received the following telegram from W. B. Miller, manager of the Hugo club, this morning. Coleman immediately wired the acceptance.

Hugo, Okla., Aug. 3, 1920. 10:30 a. m.

Jas. M. Coleman, Manager Ada Ball Team, Ada, Okla.

Will play you Sunday in Ada, winner take all receipts. You use Walcup and we use Ryan. We will bring lots of people and money. Answer quick.

HUGO BALL CLUB. W. B. Miller, Mgr. Recd. 11:30 a. m.

The above telegram is self-explanatory. Hugo made the proposition. Ada accepted. Game to be played Sunday at the Fair Grounds park. Ryan and Walcup are the two pitchers who opposed each other in the Ada-Allen game played here two weeks ago.

ALICE JOYCE

Of all the reigning favorites of the early motion pictures, Alice Joyce alone shines as a star today. With such notable plays as Charles Klein's "The Lion and the Mouse" and "The Third Degree," the famous Drury Lane melodrama, "The Sporting Duchess," Rex Beach's story, "The Vengeance of Durand," and "Slaves of Pride" as her mediums, Miss Joyce has entered an era of steadily increasing popularity. She occupies a place among the rulers of the screen.

Church News

Baptist Pastor Away.

The Baptist pastor, Rev. C. C. Morris, is attending the encampment near Davis this week but will fill his pulpit here next Sunday as usual.

Baptist Encampment

A Baptist Encampment will be held August 3-13 in the Arbuckle Mountains near Davis, Oklahoma. There will be various sorts of classes and meetings for the old and young to receive instruction in denominational work. Besides this, there will be all kinds of wholesome outdoor amusements such as swimming and picnicking. A very pleasant outing is promised during the ten days for all who will come and get close to God and close to nature.

Methodist Prayer Service.

During the absence of the pastor, Rev. R. C. Taylor, the Methodist prayer meetings will be under the direction of the lay leader, J. L. Adair. The leader for tonight at 8:15 will be Robert Bradley. The lesson will be based on the scripture, "Let not your heart be troubled, neither let it be afraid."

Come and enjoy this service in the open air. Remember that prayer connects the individual with the Almighty. Can you afford to miss this meeting?

HARDING AGAINST CLASS APPEALS

(Continued from page 1.)

ality, little else matters and all appeal is vain."

Taking up the league of nations, Harding declared it to be the other extreme of a referendum on a proposed declaration of war. "I emphatically agree," he said, "that no other authority than congress may call our boys to battle. Accepting this truth, why make a covenant which violates the good faith of the nations? Suppose that under article 10 a program of armed force is agreed upon and the congress of the United States declines to respond, the executive would be called upon to carry on a war without constitutional authority, or we should prove our compact no more than a scrap of paper."

This address was delivered to a group of delegates from Wayne county, Ohio.

PITTSBURG WILL CELEBRATE LABOR DAY

By News' Special Service

PITTSBURG, Okla., Aug. 4.—

Some of the principal features of the Labor Day picnic to be held here will be trap shooting by two contesting teams, dancing, carnival amusements and roping contest in which some of the best ropers in this and other states will participate. This celebration will follow the one at Durant and it has been arranged that quite a number of the riders will ship their horses here for the Labor Day celebration and go from here to Ardmore. The riding and roping events are under the management of Joe Cloyd and Bud McDuff.

The new swimming pool at Lake Austin has been completed and is now open to the public. This will afford amusement to visitors at the picnic who will enjoy bathing. This pool is located among natural shade trees and affords plenty of shade to the bathers.

GOV. ALLEN GETS BIG LEAD IN RACE FOR RE-ELECTION

By the Associated Press

TOPEKA, Aug. 4.—On the face of the returns received up to noon today at republican headquarters here, Gov. Henry J. Allen was running six to one for renomination against his opponent, George B. Snow. United States Senator Curtis was three to one leader over John A. Edwards of Eureka. Governor Allen carried every county in the state, but reports from industrial centers indicates that Snow received a large protest vote. Allen's strength came from rural communities.

Reports were too incomplete to indicate which of the four candidates for the democratic nomination for governor was in the lead.

LEWIS ORDERS 33 KANSAS UNIONS TO GO TO WORK

By the Associated Press

INDIANAPOLIS, Ind., Aug. 4.—Telegrams were sent to 33 local unions of Kansas by President John L. Lewis of the United Mine Workers of America today, ordering them to return to work and end the strike which has been reported to the international headquarters of miners here. According to reports received here by President Lewis, 3,388 miners are on a strike in 33 mines in the Kansas field. His telegram Lewis declared that the strikes were illegal and unauthorized and in violation of a contract between the United Mine workers and the Southwest Coal association.

Lewis also sent a telegram to Alexander Howat, president of the Kansas miners. In his message Lewis declared that the president of the Kansas miners had made an attempt to settle the strike in that state, as provided in the contract with the operators. He warned Howat that he must comply with the laws of the union.

Leases Jump As Derricks Go Up

Rigs Being Erected in Sections 16, 17, 20 and 21 This Week by Foreign Drilling and Oil Corporations. New Machinery Expected to Arrive Any Day.

Rigs are being erected in sections 16, 17, 20 and 21, this week by foreign drilling and oil corporations. New machinery expected daily. Wells in 16 and 20 are placed on the pumps.

With the arrival of machinery and drillers in the new Steedman field this week it remains one of the days of opening of Burk Burnett and Ranger fields of Texas.

Numerous little khaki colored tents dotting the neighborhood of those tall derricks are in evidence and form a home to those men who are essential in bringing about one of the largest shallow well fields in the state of Oklahoma.

In all newly developed oil fields there is always a rush to get on the scene immediately. The result is that many people are forced to find the only shelter available, thus the little tents are always good and furnish enough protection for the pioneers until they can erect suitable homes.

For the past few days the activities in the Steedman field have been progressing very rapidly. The Hard-Cash Drilling Company are in the field and have contracts for wells in various locations, the majority being near the townsite of Steedman. Sections 16, 17, 20 and 21, form an enclosure around the little city of Steedman.

The famous Day-Okla Oil Company have slipped into this field and completed three wells and have the rigs up for three more in section 21. One of the wells brought in by this company last week has been given a preliminary tryout and is good for 45 barrels per day. The others have been tested and will make from 30 to 35 barrels daily. This company is shipping 6 more rigs in the fields which are expected to arrive any day.

McFann Drilling company have completed 1 well in section 26. This well promises to be one of the best producers that has been brought in lately. Drillers are now taking down the rig and are erecting same on a location that offsets the production in section 17. The pumps have arrived for this well and the producing of the black grease will take place immediately. A new pipe line has been built to the M. O. & G. railroad from this field and storage tanks are erected on the side tracks.

The Hawley-Universal Oil company have a new well that is good for 49 barrels daily and are spudding in on another. They are lo-

cated in sections 17 and 21. Upsher & Upsher of Oklahoma City have a contract 3 wells to be drilled in sections 17 and 21 and are putting down a test in section 29. This is on the Bob land, which is leased to the above mentioned corporations with the drilling contracts and cash bonus. Mr. Ford owns practically all of the lands in the new tests.

J. Milton Ashton and associates of the Pennsylvania Oil company have a contract for 8 wells to be drilled in section 20. They are waiting for the arrival of their machinery, which is expected any day. The chief driller of this concern is in Ada today and is forming shifts to be ready for the arrival of the rigs. The casing and machinery have been shipped for several days. Another corporation has a lease of 80 acres in section 20 and is to drill in the next few days.

Wayne Darlington and associates have a contract for two wells in sections 19 and 20. The arrival of the machinery is the only drawback that is encountered by this corporation. Bob Ford is operating a string of tools in section 21. Activities on this well are awaiting the arrival of a new bit. Homer Phelps and associates have purchased 40 acres in section 20, the exact location being the N¹/₄ of SW of section 20, and have a contract to sink several tests in this location.

Today a total of 21 wells have been completed in this field and there are many more under the drills which will be brought in within the next few days. The erection of large storage tanks near the wells is well under way and the timely arrival of material for drilling will help further the development activities in this field. Drillers and tool dressers from the fields in the northern part of this state are arriving in this country and find employment in a few minutes after their arrival in this city. The demand for experienced men in the oil fields is great and those who seek steady employment with exceptionally large salaries

can make no mistake coming into this field.

The American Oil & Refining company are moving a rig to one of their leases 2 miles north of this city. This test will be made near the old Balthrop place, which is in section 21 of the Chickasaw township. A good supply of gas is always found near this location and the American Oil company have the plans made to put this test 2,500 feet. C. W. Hardage and associates are putting down a deep test in section 24. One-half interest in this property was purchased a few days ago from Fossil-Rock Petroleum company by the Chicago Oil company. The contract stipulates that this test is to be drilled 2,500 feet. Gas in paying quantities is found in this location at a depth of 500 feet which insures the prospectors that in case oil cannot be found, a goodly income can be derived off the production of gas. The well in section 24 is making 1,000,000 cubic feet of gas per day.

Yesterday the News oil man had the pleasure of going over the Steedman fields and saw that the activities in this field are progressing as rapidly as the arrival of material and equipment reaches Steedman. He saw the pure black "pay grease" coming out of the ground, a goodly number of storage tanks filled with oil awaiting to be shipped to the refineries, and the best of all, noted that the erection of new rigs and unloading of new wells was being done in double-quick time.

The Steedman and Pontotoc county oil field is not a prophesy, it is not a dream, but a true realism of a prophesy made several years ago by Bob Ford, a pioneer of this country. The oil is here, the gas is here and is used in every home, the acreage is here. We need capital, people and the energy to develop Oklahoma's greatest shallow well field. The most skeptical are invited to go over the field, watch the pumps produce the best grades of oil from the wells, see the drills whirl in the deep holes and look the terrier of the country. It looks

"oil" to verify the above statement, it is suggested that the world be extended an invitation to visit the coming oil fields of Oklahoma.

The black beetle is not a true beetle but is a variety of cockroach.

Stock Market

With fresh receipts 21,000, and only a few of them fed grades the market for killing cattle ruled weak to 15 cents lower. Elsewhere receipts were liberal and prices lower. Hog prices were strong to 10 cents higher. The top was \$15.75 and bulk \$15.25 to \$15.70. Shipping demand was fairly active. Lambs were fully steady and there was a better demand for stock and feeding grades.

TODAY'S RECEIPTS—Receipts today were 21,000 cattle, 6000 hogs and 5000 sheep, compared with 21,000 cattle, 6000 hogs and 6500 sheep a week ago, and 20,000 cattle, 11,300 hogs, and 6200 sheep a year ago.

DEER CATTLE—A few bunches of steers fed corn on grass, that brought \$15.00 to \$15.75 were the only fed cattle offered. They were fully steady. Other offerings were grass fat and most of them sold 10 to 15 cents lower. A large number of Oklahoma and Texas steers brought \$9.25 to \$10.50, and Kansas grassers sold up to \$13.75. Heavy grassers were scarce, and wintered grassers were lacking. The general tone in the trade was dull

Cows and heifers were steady to 15 cents lower, mostly 10 cents down. Some choice veals sold early at steady prices, but later the market was off 50 cents to \$1.00. The top price was \$14.75. Trade in bulls was quiet.

STOCKERS AND FEEDERS—There was a fairly good inquiry for choice stockers and feeders at steady prices, but the plain and medium kinds which were in liberal supply, sold slowly and at about the same level as last week's close. Some choice fleshy feeders sold up to \$12.25, and best stockers up to \$10.75. The price spread in thin cattle was from \$6.50 up. The present run affords an excellent opportunity for buyers. Indications are that receipts will at no time this fall exceed present volume. Good stock calves are offered freely at \$8.00 to \$11.50.

HOGS—Though some rough heavy hogs were slightly lower the general market was quoted strong to 10 cents higher. The top price was \$15.75, and bulk of sales \$15 to \$15.70. Shippers were especially active and packers were forced to meet this competition. Pigs sold readily at steady prices, top \$15.25. July receipts were mater-

ially short of former years, and indications are that moderate runs will continue through August.

SHEEP AND LAMBS—Practically all the offerings in the sheep division were natives. Most of the good lambs sold at \$13.00 to \$13.50 and culls to \$6.50 to \$7.50. Some yearling wethers sold at \$9.00 and breeding ewes \$10.00. Prices were quoted steady at last week's decline. Some western feeding lambs will arrive next week.

HORSES AND MULES—A special auction for range horses and mules is in progress today with demand fairly active. Prices were steady. Dealers say they expect a general

improvement in demand this month. —Charles M. Pipkin, Market Correspondent.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieve me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

Oh I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

You Get The Money

The money that is spent to advertise the goods you buy, comes to you. Once many people had the idea that goods advertised must be more expensive than goods for which no money was spent in advertising.

That is about as sensible as saying it costs more to make goods by machinery than by hand, because you have to buy the machine.

Without advertising, you have to sell goods "by hand." Just as a machine will make ten times, or a hundred times, as many articles as can be made by hand; so advertising sells ten times, or a thousand times, as many articles as can be sold "by hand."

For instance: A merchant buys a stock of a certain line of goods. He spends a thousand dollars for these goods. Occasionally some one buys one of them, but most of his

thousand dollars stays on the shelf. He must sell to make a profit, he must sell to be able to buy more goods, he must make the sales to stay in business.

So he divides his profit three ways, one-third for himself, one-third for Advertising and one-third in price reduction for you.

His advertising sells these goods in a few days. He has made one-third as much profit in six days as he would have made if he had not advertised. He has shared his profit with you in return for your giving him your business.

Both of you make money; both of you save money.

There's no use arguing; you know
it pays to read advertisements.

Mrs. J. Christman Proved That Lydia E. Pinkham's Vegetable Compound is a Remedy for this Trouble.

Binghamton, N. Y.—"I was in a very nervous condition for over a year, my mind was gloomy, could see no light on anything, could not work and could not have anyone to see me. Doctor's medicine did not help me and Lydia E. Pinkham's Vegetable Compound was recommended. I took it a d a m n o w w e l l. I recommend it to all afflicted with nervous prostration."—Mrs. J. CHRISTMAN, 193 Oak Street, Binghamton, New York.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills. If there are any complications about which you need advice write in confidence to Lydia E. LAWYERS ARE FOR LEAGUE

Ratification of Treaty to Be Advocated at Bar Meet.

ST. LOUIS, August 4.—Ratification of the peace treaty, including the League of Nations covenant, without amendments, will be recommended at the convention of the American Bar Association here, August 25, to 27, inclusive. The recommendation will be in the majority report of a special committee appointed to consider the treaty.

The committee which signed the report was composed of Edgar A. Bancroft, of Chicago, William H. Wadhams, of New York, and the late Frederick N. Judson of this city.

Charles Blood Smith, of Topeka, Kans., and Henry St. George Tucker, of Lexington, Va., will present a minority report in which they assert they are "unable to concur" with the majority committee.

Sections of reports to be presented at the convention have been received by members of the local arrangements committee. The report treats of various subjects.

"Your committee is of the opinion that the treaty, including the proposals of a League of Nations, should be ratified without amendment," the majority report on the treaty declares. "The world is anxious to return to a more settled condition which awaits the termination of the great war. If amendments are proposed by the United States, other governments would undoubtedly propose amendments, and it is unlikely that a second conference could produce a more satisfactory treaty."

"It is particularly fitting that the United States should support the proposal for this League. The League is based upon our own experience in a federation of states enjoying liberty and peace. It has been our high destiny to join with our Allies in preventing the destruction of liberty and establishing it as the governing principle in the life of the states."

"Upon entering the war we expressed it as our desire and purpose to secure not only for ourselves, but for all nations of the world, an enduring peace, based upon those principles of liberty and of justice which we enjoy. The league is organized for that purpose. Should the United States refuse to enter the League it would defeat its organization; should the United States join, it gives the best assurance of its success."

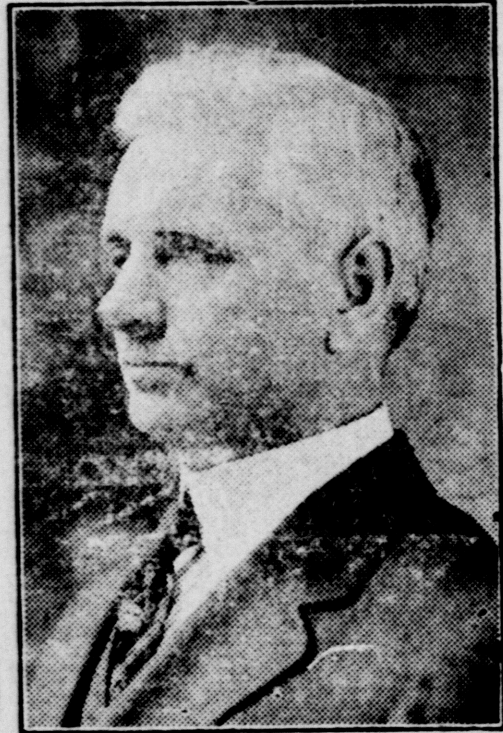

Dealing with the subject of amendments and reservations, the reports iterate that amendments are destructive to the pact, and emphasizes that only interpretative reservations should be permitted.

Another report suggests that the election of the President of the United States and his inauguration be brought nearer together, and that the short session of the old Congress be abandoned.

The interval between the election and inauguration of a President, this report declares, is a "serious evil, fraught with much danger, because, if an administration is discredited by a popular vote of want of confidence, the prestige of the government at home and abroad is weakened and there is danger of humiliation and disaster to the Republic." The report does not recommend any other date for the election or the inauguration.

Recommendation that the making of rules for the conduct of aviation be held in abeyance until airplanes become more numerous, is set forth in another report.

The committee on international law will present a report which states that, after outlining developments of the reconstruction period, it "finds little to record of wise and final adjustment or of complete accord." Commenting on the meeting of the Organization

Thomas Pryor Gore
Oklahoma's junior senator since statehood; eliminated from Oklahoma politics yesterday by reason of his unpatriotic stand in the U. S. Senate during the world war.

Committee of the Permanent Court of International Justice under the League of Nations, the report says: "At last a body distinctly legal, a body of our cloth and profession, is seeking, and is given an opportunity to organize International Justice and prepare for its enforcement in the world."

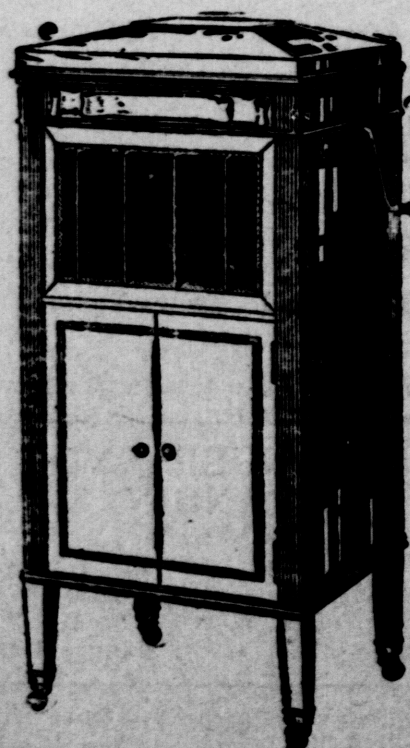

A large number of prominent speakers are expected to address the association, including Sir Auckland Geddes, British Ambassador to the United States; Franklin L. Lane, former United States Senator, and Judge Ben B. Lindsey, of Denver. Hampton L. Carson, of Philadelphia, is president of the association.

Sections of the association will meet simultaneously with the parent organization as follows: Comparative Law, Judicial Section, Legal Education, Patent, Trade-Mark, and Copyright Law, and Utility Law.

A number of important Allied bodies also will meet here in conjunction with the convention. They include the National Conference of Commissioners on Uniform Laws, Conference of Delegates from State and Local Bar Associations, Associations of American Law Schools, and the National Association of Attorney-Generals.

Voice and Piano Recital. — Mrs. Edson MacMillan will present a group of her most advanced pupils in voice and a group of pupils in different grades in piano at her studio in the Stauffer Business college building, Thursday night at 8:30. Anyone interested cordially invited. 8-4-11d*

AMOS PINCHOT IS SOMEWHAT SORE

Fellow Third Partyers Are Referred To As Bunch of "Mushheads."

Amos Pinchot, third partyite and chief exhibit in that particular portion of the museum known as the Forty-Eight, is somewhat sore.

In fact he speaks of certain of the many factionists in the recent Chicago affair as "Mushheads," and admits that the convention was a fiasco.

Says Amos in a formal statement:

"A great opportunity has been lost. But the world is not going to the devil because of a few hundred people, differing as widely as the poles, met in Chicago for a few days and then went on their opposite and irreconcilable courses. "It was a blunder, in fact a fiasco, whose humorous side would stand out if it were not for its real tragedy."

"We Forty-eighters failed to found a new party because we fell down completely in our judgment of the situation. We did not realize until it was too late that the men who controlled the Labor Party, with which we proposed to join, were not bent on a new people's party, drawing from the whole American public, but on a trades union party with two specific purposes: (1) to spread British guild socialism in the United States and (2) to destroy Gompers' leadership in the American Federation of Labor by coaxing his followers away from him into a party, the formation of which Sam had bitterly denounced."

Too Narrow for Amos.

"As a matter of fact, the plan of the Labor party leaders was narrower even than a trades union movement, for the platform they drew was so extreme that even in the organized labor group, those who were not socialists or communists, would go in only if coerced by the moral discipline which the Labor party leaders have already established over the rank and file of their organization."

"The rank and file itself of the Labor party convention, as I got its point of view, was not made up of extremists at all. They were just average human beings. If let alone, they would have been satisfied with a political platform going as far as our St. Louis platform."

"But union discipline was strong at Chicago. Class consciousness was strong, too, and the excitement of the convention swept sober thought away. So that the labor crowd stood as a unit for an extreme and little thought-out platform."

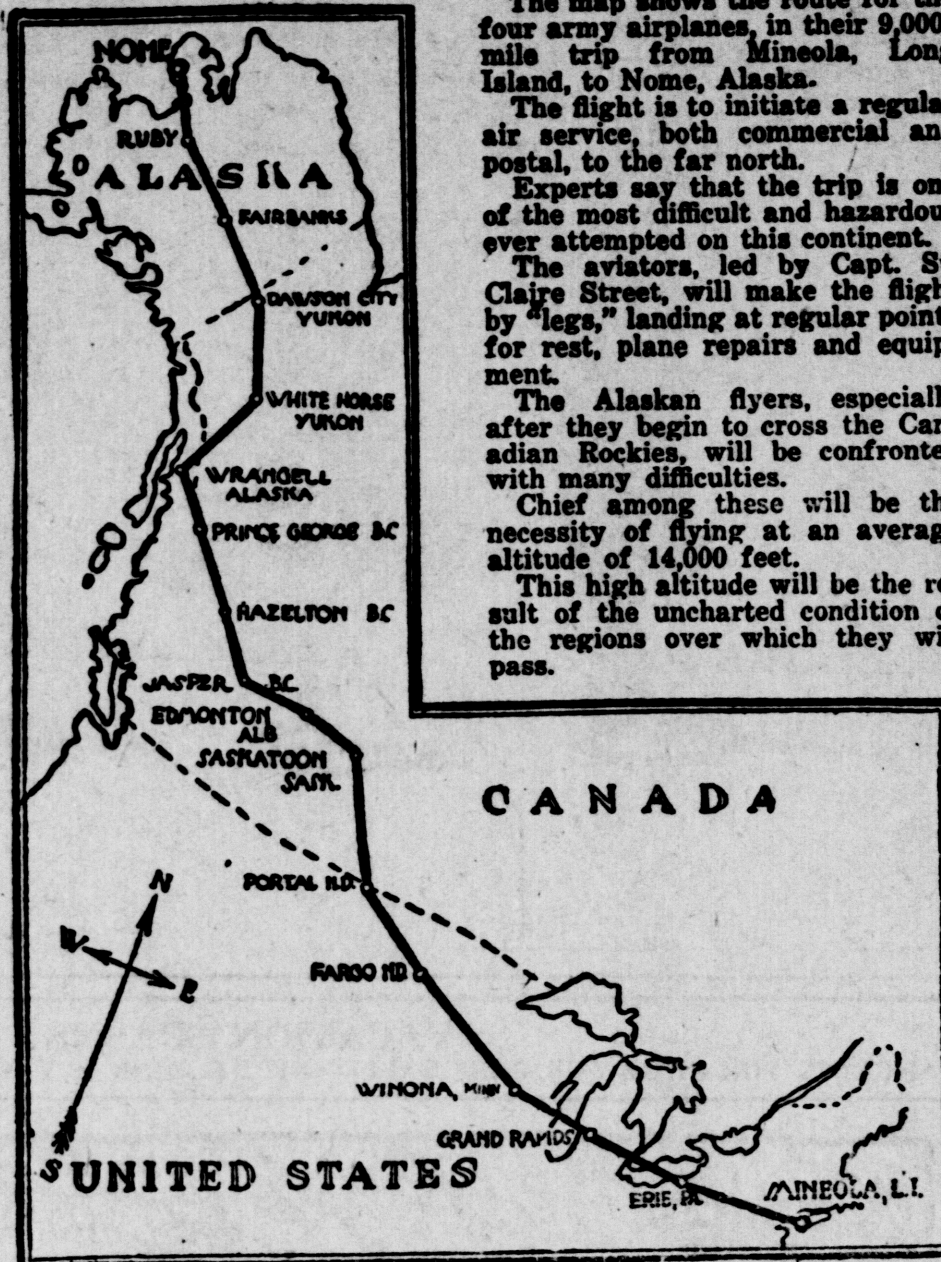

He Fell Asleep.

"An incident will illustrate to what extreme class consciousness was in the saddle. On Wednesday morning, after the conference committee had been working practically without sleep for two days and nights, I went to the convention and fell asleep in the back of the hall. The amalgamation was already put thru at this time and I was awakened from dreams of a new great party and called upon to address the gathering composed of Forty-eighters, labor men and farmers."

"I had no speech prepared and was not expecting to have to make one. The dominant idea in my mind was that a class platform and name would smash our whole project higher than a kite and I made an appeal, as moderate but as strong as I could, upon the one point, that the convention should not destroy the efforts of the men and women gathered there, by founding a party devoted to the interests of a small minority of our 110,000,000 Americans. My remarks were received with about the appreciation that a convention of Sinn Feiners would have accorded to a speech from Sir Edward Carson."

"Evidently what I have already described made the situation complicated enough, but it was rendered still more difficult from the fact that the Committee of Forty-eight was infiltrated by a lot of honest, well meaning mushheads, who without any economic ideas whatever, cherished the simple faith that you could form a union of forces by getting the discordant elements under the same roof, ir-

ROUTE OF FLYERS IN LONG TRIP FROM MINEOLA, N. Y., TO ALASKA

The map shows the route for the four army airplanes, in their 9,000-mile trip from Mineola, Long Island, to Nome, Alaska.

The flight is to initiate a regular air service, both commercial and postal, to the far north.

Experts say that the trip is one of the most difficult and hazardous ever attempted on this continent.

The aviators, led by Capt. St. Claire Street, will make the flight by "legs," landing at regular points for rest, plane repairs and equipment.

The Alaskan flyers, especially after they begin to cross the Canadian Rockies, will be confronted with many difficulties.

Chief among these will be the necessity of flying at an average altitude of 14,000 feet.

This high altitude will be the result of the uncharted condition of the regions over which they will pass.

respective of how thoroughly they differed in principle.

"Little" Problems.

"Little things like revolutionizing the whole theory and practice of American industry and politics and establishing a government of a few people, by a few people and for a few people, did not matter to our devoted mushheads. Once under the same rafters, they were sure that cat and dog, monkey and parrot, lamb and lion would all become a united army of the righteous, all marching with brass bands and waving banners toward a glorious and gilded millennium situated not farther than half a dozen city blocks from the convention hall. These hopeful persons were eagerly picked off by the labor party leaders and turned into a militant evangelists, so that not only was labor solid for extremism, but our own group was torn with dissension."

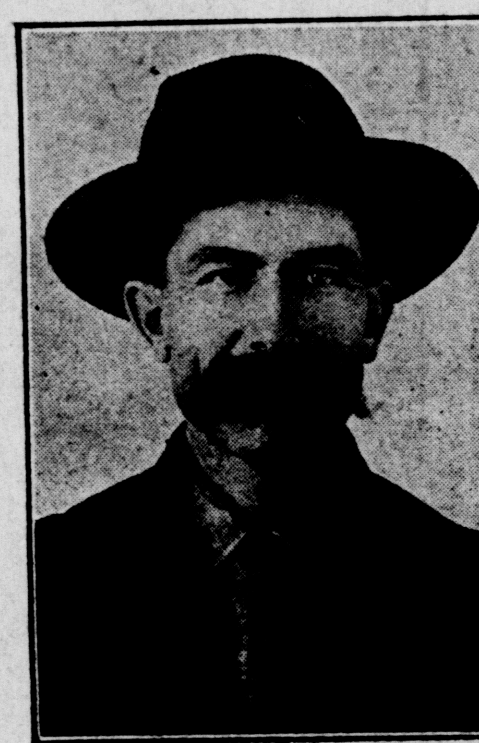

"What are those who believe in a third party to do next? We should think it over quietly for a week or two and allow to sink home the lessons of our own miscalculations. The need of a third party that is not a class party still exists. The need of a party with an economic program that is clear, practicable and statesmanlike, still exists. In the first fight for these things, we have been repulsed with loss. But we have gained the knowledge that a new movement has got to grow from the grass roots up and consist of people who not only believe in the goal but agree substantially on the way the goal can be reached."

3,000 TROOPS ORGANIZED AGAINST INSURGENT GOV.

By the Associated Press.

MEXICO CITY, August 4.—

Mobilization of only 3,000 men under command of General Rodriguez for the campaign against Estban Cantu, the insurgent governor of Lower California, has been ordered by the governor, according to a statement issued last night by General Elias Calles, secretary of war. He declared more troops would be sent to lower California, if necessary and would be used by General Flores. It was indicated that the governor does not consider the rebellion there of great importance.

RUSH TULSA GAS TO LOS ANGELES

Local Firm Ships Trainload To Relieve Growing Dearth.

Two hundred and fifty thousand gallons of fuel oil is being rushed by the Union Oil company of Tulsa to Los Angeles, Calif., this week, to relieve the gas shortage, which is threatening the entire state of California. An eight-column picture at the top of a page in a recent edition of the Los Angeles Times shows a picture of a huge oil train that is rushing from Tulsa to Los Angeles to relieve the shortage which has been caused by an excessive number of summer tourists.

The picture gives a map of Oklahoma, New Mexico, Arizona and California, with one of the monster oil trains used by Oklahoma oil companies to transport oil, stretching from Oklahoma to California. The following cut-line is given: "Here is the first gasoline train rushing to the relief of Los Angeles with 20,000 gallons of motor fuel, shipped by the Union Oil company of Tulsa, Okla., and due Saturday morning." The picture of Tulsa shows the plains covered with oil derricks and tanks, while the one of Los Angeles shows the skyscrapers and business buildings of a prosperous city. In the foreground is a gasoline station with the sign: "No gas today."

Many Tulsans who motored to California this summer have been forced to leave their cars in Los Angeles and return to Tulsa by rail. It is reported that thousands of tourists have been unable to get out of California during the past three weeks. Many of the gasoline stations have closed down altogether.

It is reported that the oil fields of California have been unable to supply the demand for gas, which is greater this year than it has ever been. There has been barely enough for home consumption, and the great number of tourists this summer has caused the serious shortage.

The gas situation in San Francisco has become so serious that yesterday six United States destroyers drew up at the loading plant of the Associated Oil company with orders to seize 500,000 gallons of fuel oil. The commander of the vessels were given orders to use all means within the navy's power to obtain the oil.
